Anything Can Happen... Anytime... Anywhere...

CT School Shooting- December 14, 2013

Anything Can Happen... Anytime... Anywhere...

- Sunday (3/29/09) at approx. 10 am
- 7 Killed in NURSING HOME Shooting

Eager, AZ Plane Crash...High School

Santa Monica Rampage...

Vehicle Crashes

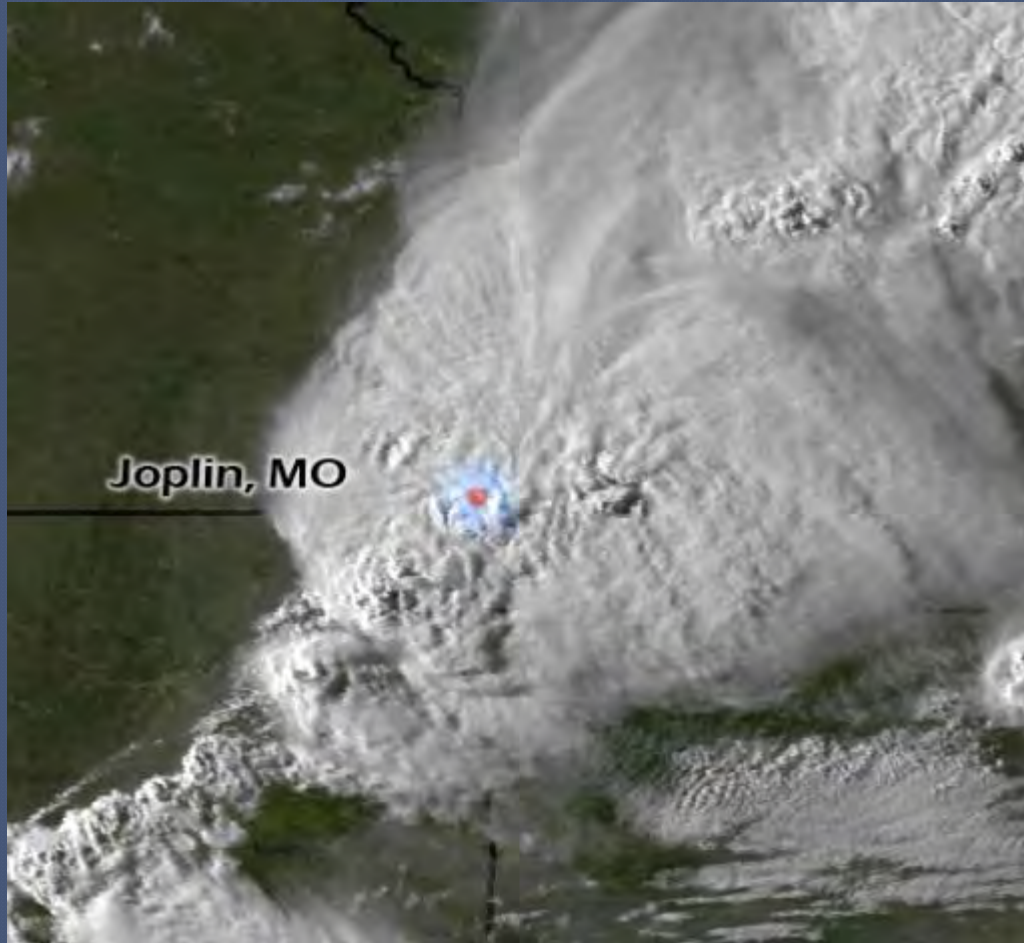

Transformer Fire...

Flooding...

SUNDAY, MAY 22, 2011 - 5:15 P.M.
JOPLIN, MISSOURI

WWW.TIFFANYKELLEY.COM

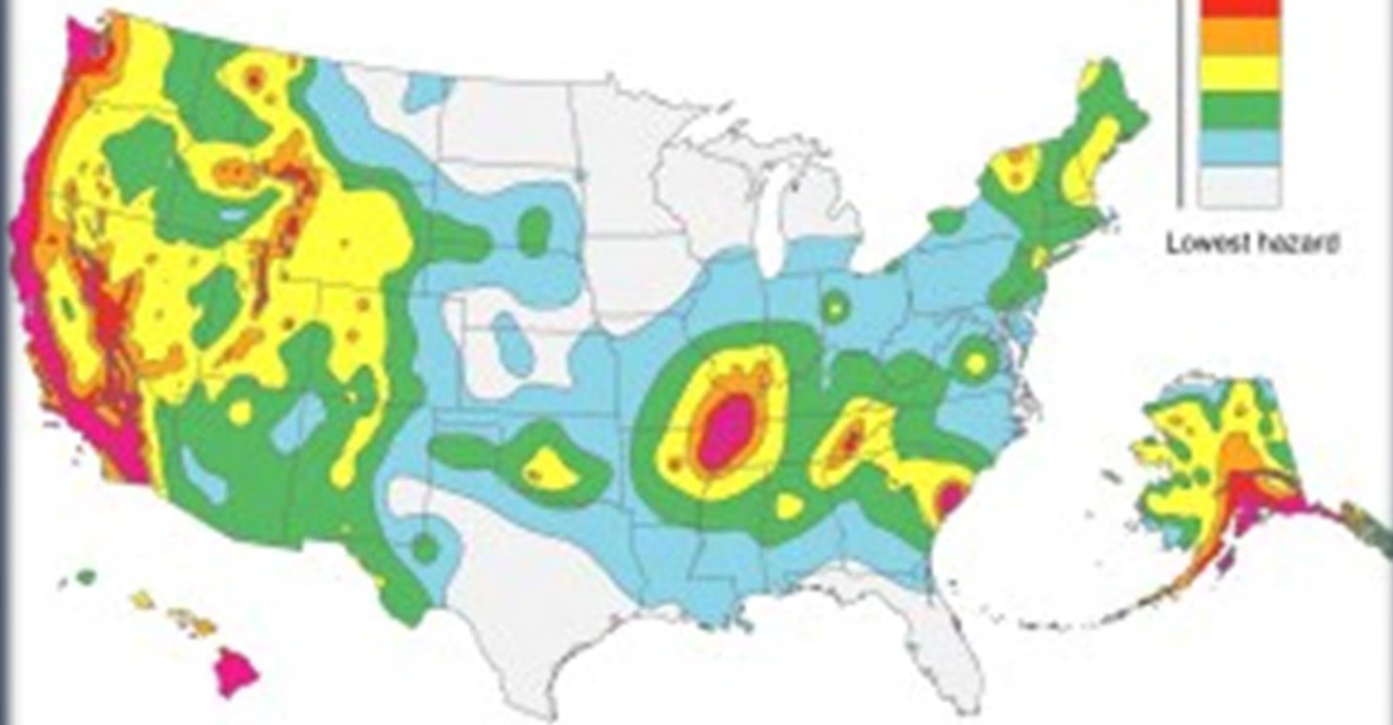

West, Texas- April 2013

Northridge, California 1994

Reaction to Disaster or Crisis...

It's not what you think....

Failure to Respond...

- ◉ Subconscious Need for Normalcy
- ◉ Overwhelming Sense of Denial
- ◉ Optimistic Bias
- ◉ Unable to Comprehend Scope of Event
- ◉ Lack of Safety Culture
- ◉ No Planning / Preparedness
- ◉ Poor Training
- ◉ No Practice / Rehearsal

Disaster!

Do we have a plan for EVERYTHING?

○ Challenges.....

Severe Weather...

Proximity to Hazards...

Military Installations...

Transportation...

Across the Street ?

Haz Mat Scene...

CENTURY

MAX
AQUARIUM

LA POLICIA DE DENVER - NO CRUCE LA LINEA
DENVER POLICE LINE - DO NOT CROSS

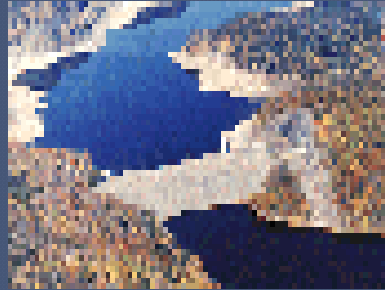

What if your parish is down the street?

How Prepared is YOUR Operation?

Beyond Your Control...

Can't Happen Here?

HAZARD VULNERABILITY ASSESSMENT (HVA)

- WHAT potential threats and perils may impact the community and your facility?

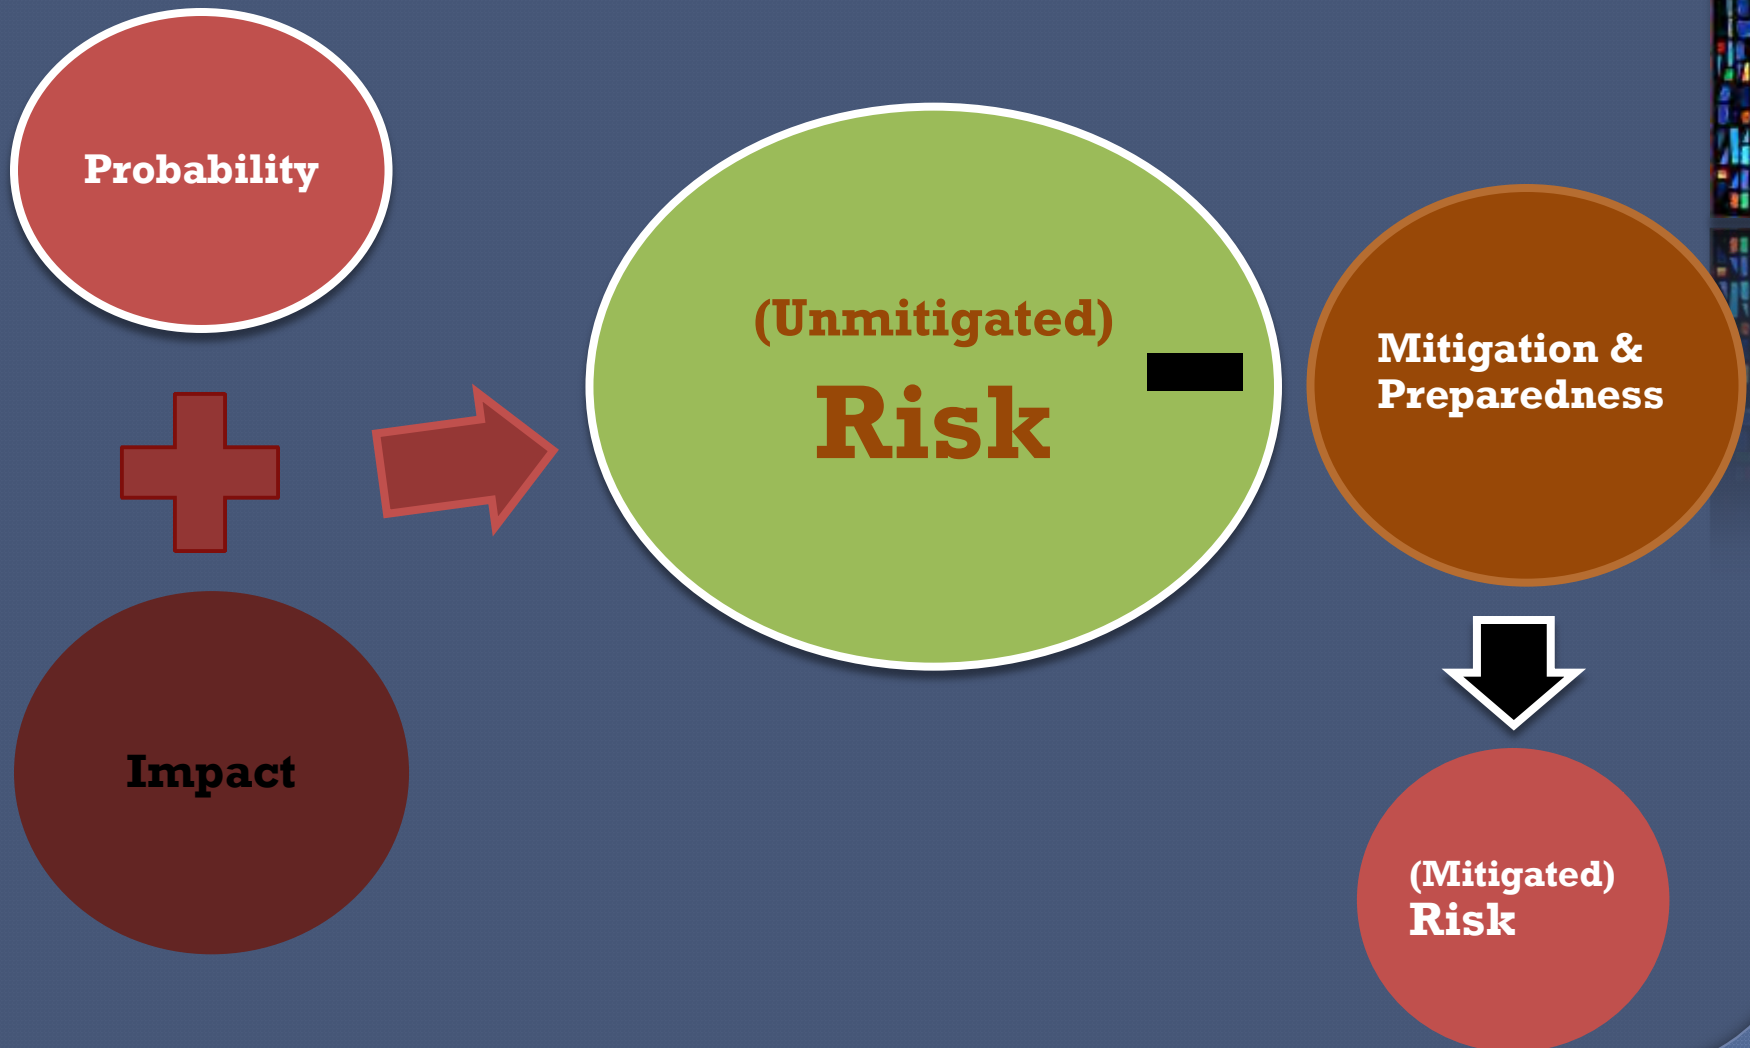

HVA Factors.....(RISK)

- EVENT TYPE (Specific)
- Probability
 - Likelihood of Occurrence
- Severity = Impact
 - Human
 - Property
 - Business
- Mitigation = Preparedness + Response
 - Preparedness
 - Internal Response
 - External Response

How is an HVA Created?

DO YOU HAVE A PLAN?

- ⦿ Explosion at the corner gas station
- ⦿ Shooting at the mall $\frac{1}{4}$ mile away
- ⦿ Hostage situation at the high school down the block
- ⦿ Chlorine leak at the community pool up the street
- ⦿ Robbery at the corner convenience store
- ⦿ Derailment on the mainline in town

ALL HAZARDS PLANNING

“All Hazards” Emergency Management

- Addresses your organizations’s unique operation and support needs
- Focuses on your High Risk Threats
- Reflects Local Emergency Planning Considerations
- Includes
 - System for Command
 - Communications
 - Resources and Assets and Supply Needs
 - Safety and Security
 - Staff Responsibilities

Collaboration

The last thing you want to do is meet for the first time in a disaster – Build relationships now

Rescue and evacuation require outside resources

How do they Manage?

NIMS and the Incident Command System (ICS)

One of the most important 'best practices' that has been incorporated into the NIMS is the Incident Command System (ICS), a standard, on-scene, all-hazards incident management system already in use by firefighters, hazardous materials teams, rescuers and emergency medical teams.

The ICS has been established by the NIMS as the standardized incident organizational structure for the management of all incidents.

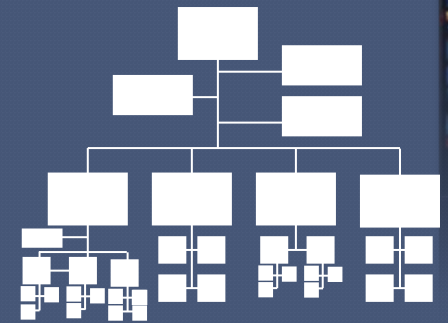

www.fema.gov/txt/nims/nims_ics_position_paper.txt

Incident Complexity and Resource Needs

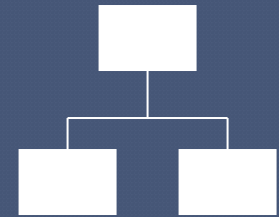

Incident Complexity

Business Personal and Family Preparedness

www.Ready.gov

Recovery and Restoration...

Something to Consider...

SECURITY

Potential Risk Exposure

- Expectations- Parishes and schools will have adequate...
 - Planning
 - Preparedness
 - Response
 - Recovery
- Formalized Contingencies
 - No “hand-shake” agreements
- Business Continuity Planning

Achieving a Higher Level of Disaster Preparedness

- Re-affirm commitment / Demonstrate leadership
- Don't Wait for Crisis to be the "Driver"
- Embrace and utilize "All Hazards" approach
- Incorporate a Hazard Vulnerability Assessment (HVA) into the process
- Utilize Best Practices
- Robustly collaborate with others
- Incorporate Incident Command System (ICS)

The worst time to develop a plan
is when you **NEED** a plan...

**Be part of the
solution**

Not part of the problem

Questions?

Upcoming Webinars

All webinars will be held at 9:30 AM, except where noted below.

#	Date	Topics
1	October 7, 2015 Complete!	School Safety: Use of step ladders in classrooms for accessing bulletin boards and hanging items, proper lifting, safe use of heaters and appliances.
2	October 14, 2015 Complete!	Maintenance/Custodial: Use of personal protective equipment, proper lifting, lawn maintenance, Hazard Communication/chemicals (storing gas/paint), roofs, ladders, and the importance of hiring certified contractors.
3	October 21, 2015 Complete!	Insurance: Certificates of Insurance—how these documents protect the parish and diocese and when you must have them. Definition of bonds and their benefits—what they are, who they protect, and why they are needed. Claims reporting and procedures.
4	November 4, 2015 Complete!	Property: Quarterly Self-inspection Reports, obtaining loss control credits, completing the form(s) and what to look for. Property maintenance tips—hauntings from the past, good reminders.
5	November 11, 2015 *1:30 PM Complete!	Catastrophic Planning: Developing and maintaining an Active Shooter Plan. Items you need to know for All-hazards planning.
6	November 18, 2015	Trips and Falls: How do we address this most frequently reported incident? Exposures in churches and schools will be discussed. Holiday safety tips.

Diocese of Springfield Webinar Series

Thank you for taking the time to participate in the webinar today. Join us for others in the series!

Please enjoy your day and stay safe!
