

Mid America Metal Roofing

Metal Construction Association's Metal Roofing Hall of Fame Recipient

WEBSITE: www.midamericametalroofing.com **PHONE:** 314-489-5290

We are excited to be partnering with the Diocese of Springfield in Illinois! Mid America Metal Roofing has over 25 years in the metal roofing industry. Metal Roofing is the most durable and resistant roofing on the market. In fact, we call it "Investment Grade Roofing", and it will be the last roof you buy.

Our manufacturer, Isaiah Industries, founded in 1980, is based in Piqua, Ohio, and we share a common life philosophy of Faith, Family, and Service.

St. Clare
Catholic Church
Altamont, IL

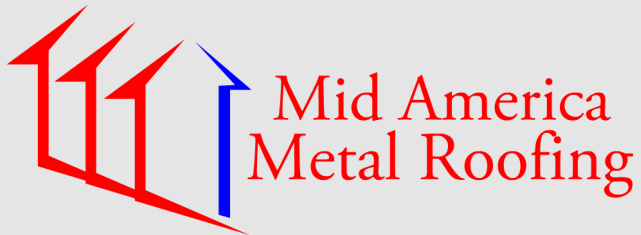

We've installed many metal roofs all over the midwest and continue to have great relationships with our customers. We guarantee a first class installation. Our Installation and service team is talented, experienced, and very easy to work with

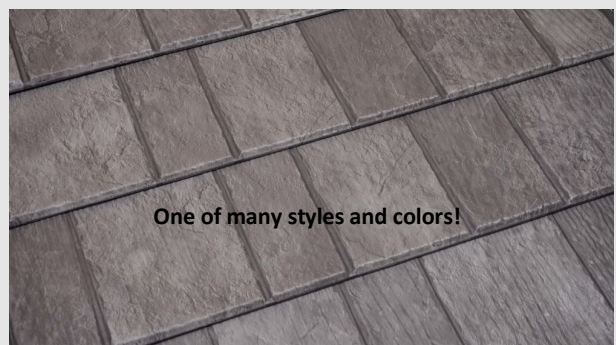

You can contact us at any time if you'd like to discuss your needs and how we can match them up with the right roofing system. In the meantime, go ahead and take a look at our website for product information.

Metal Roofing Benefits

- Kynar coated metal is the most energy efficient roof on the market. Savings of 20-30% are typical during hot summer months.
- Industry leading 40 year warranty for Churches. Warranty is non pro-rated, and it covers materials and labor.
- Best value of any roofing material over the life of the building.
- Class "A" Fire Rating (UL790) - provides protection for your building and your belongings.
- Class "90" Wind Uplift Resistance Rating (UL580) - will withstand hurricane strength winds of up to 120 mph.
- Class 4 Hail Impact Resistance Rating (UL2218) - highest rating available.
- Most environmentally friendly roof material.
