EDUCATIONAL PROGRAM DESCRIPTIONS

All nonpublic schools seeking recognition, whether initially or as a renewal, must submit an educational Program Description along with their recognition application. An Educational program Description is a short narrative describing your school. You may include demographic information, the school's mission, goals, history, governance, standardized test score results, etc. You may also include information about special events or programs. You decide. The intent is to get acquainted with your school prior to our recognition visit.

If you have any questions, please contact the Title Grant Administrative Division office by calling 217/524-4832.
